

To all representatives of Christian churches in Switzerland

Call to action

"But when the Son of Man comes, do you think he will also find faith on earth?" [Luke](#) asked anxiously.

Dear Proclaimers of God's Word

We, a concerned group of Christians, would like to use this letter to raise awareness of existing and impending dangers for all humanity, but especially for the Christians of this earth. We want to stand up with you against the evil that is spreading in the places where the decisions for our future are made.

In the assumption that ultimately everything happens according to God's plan, people too often look the other way and tolerate what Christians should never ever tolerate. Jesus himself went into the temple and [drove out all those](#) who were doing their mischief there. He did not tolerate silently, but acted energetically!

"But because you are lukewarm, and neither cold nor hot, I will spit you out of my mouth" promises [Revelation](#). Those who are lukewarm do not take a stand, but behave inconspicuously and conform to the prevailing opinion. However, we, the writers of this appeal, would like to take a clear stand and call upon you to do likewise. But taking a stand for what?

Take time to think a few thoughts that may never have come to you in this form before. We know this is challenging because we may create some cognitive dissonance in you. Such as this:

"Our government can't be that evil!"

Stay open and accompany us. For together we must put on the [spiritual armor of God](#) so that we can stand against the cunning plots of the devil.

Ephesians 6:12: For we do not have to contend with flesh and blood, but with mighty and powerful men, with the rulers of the world who rule over this darkness, with the evil spirits under heaven. 13 Therefore take up the armor of God, that you may be able to resist in the evil day, and overcome all, and keep the field.

In our war with Satan, his company and our human weaknesses, we need spiritual help. God provides the mighty armor of God to protect us and give us victory!

In the following we deepen these thoughts. If you like, you can also print the attached PDF to read later at your leisure or listen to the video or audio. You can also find all the documents on our website.

Already now we thank you for the time you take for our concern.

Belt of truth

Ephesians 6, verse 14 **Stand fast therefore, girded about your loins with truth ...**

The Bible describes invisible spiritual battles such as the titanic struggle at the end of the age [witnessed by the apostle John](#): "And there was a battle in heaven: Michael and his angels fought against the dragon. And the dragon fought, and his angels, and he prevailed not; and their place was found no more in heaven. And there was cast out the great dragon, that old serpent, which is called the devil, and Satan, which **deceiveth the whole world.**"

All this happens behind the scenes of the spiritual world, but has great influence on the physical world. Satan and the demons are invisible and he is a master of disguise. He can convince people that he does not exist, and he can influence society and suggest false thoughts to us without us even realizing that he is there.

How else is it possible that so many lies are spread by the highest authorities and believed by the people?

Examples:

- Federal Councilor Berset lies in front of running cameras that the Covid vaccination is safe and effective, although he was informed days before that this is exactly NOT true. As a result, many people die immediately or with a time delay from the shot, countless side effect victims are to be mourned. Every day more and more people die because the highly harmful substance often reveals its effect only after months or even years.
- That the Covid19 virus did not originate in the so-called wet market, but escaped from the bioweapons laboratory, was clear to many experts very early on. However, their statements were dismissed as conspiracy theories and a lot of energy was put into suppressing such critical voices. The truth, however, is now coming to light; most recently with the revelation that the decisive research team in the USA was bribed with large sums of money to "disprove" the laboratory leak theory.
- It has also been vehemently denied that while the U.S. has banned gain-of-function research, these bioweapons labs have simply been moved abroad, such as to Wuhan and - in large numbers - Ukraine. In the meantime, however, even Victoria Nuland, US diplomat, has admitted this fact.
- With even more vehemence, it is denied that the Covid-19 "vaccine" is a bioweapon. With inconceivable ignorance all evidence is ignored, which shows an unprecedented excess mortality (*mainly in countries with high vaccination density*) and an exploding number of diseases of various kinds (*turbo-cancer, myocarditis, strokes, thrombosis, "sudden death", etc.*). - especially in very young, athletic people).

Unfortunately, the truth is not brought in the media. "BLICK always reports close to the truth," a priest defended reading the popular mainstream newspaper. How could he miss the fact that "Very close to the truth" can only be the lie?

We urge you to do a better job of checking what the truth is.

Be wary of official bodies investing vast sums of money in protecting their narrative by preventing critical opinions and labeling them as "disinformation."

Ask yourself, how would Satan go about it?

Would he make it easy for you to come to an opinion and not only believe it, but also defend it? Learn to expose lies!

Satanic inversions come from this, like the upside-down crosses popular with Satanists. Satanists make use of the truth, but present it in a completely different light or context, so that it ultimately becomes a complete lie.

Satanists love to tell you their intentions to your face. In the book "[The Great Reset](#)" WEF co-founder Klaus Schwab propagates the godless One World Government ("*You will own nothing and be happy*") and, like all dark elements, counts on your tacit approval of the planned atrocities. His advisor Yuval Noah Harari declares in his lectures that "[it doesn't matter what God says](#)" and that they are now able to create people themselves. His problem is still that there are now too many "useless eaters".

Find truth

[Seek and it shall be given unto you.](#) What you SHOULD believe is easy to find and requires of you only not to ask closely and to switch off the conscience now and then. Have the courage to consult a wide variety of sources and develop a sense of what might be true.

Breastplate of righteousness

Ephesians 6, verse 14 (part 2) ... and clothed with the breastplate of righteousness.

Without righteousness, we are open to Satan's attacks.

But whose justice counts? Does the state or our conscience determine what is right?

Many churches avoid this conflict of conscience by saying that God has established the government for our benefit. That is why they stopped believers from attending church when the government issued rules to that effect. That is why they excluded people without a certificate.

Daniel acted differently. He stood so deep in faith that he took it upon himself to be thrown into the furnace of fire because he [disobeyed](#) the laws of the state. His faith helped him in the end.

The powers that be are already talking about renewed lockdowns. Sometimes it is because of new "virus variants", sometimes because of the "climate". We hope very much that the church leaders will find the courage not to contribute again to a division of society, because in the end this division is a goal of the "Great Reset", also known as "Agenda 2030". And it has no place for God anymore!

The Gospel of Peace

Ephesians 6, verse 15 and **shod on the feet, ready for the gospel of peace.**

The road ahead for humanity is very rough. We expect great hardships, since everything has been done to destabilize states, attack people's health and ruin financial security.

This destruction was justified with "peace", "sustainability", "solidarity" and "climate protection".

Here, the satanic inversion takes hold perfectly:

- In the name of **peace**, Switzerland has abandoned its independence and taken sides in the war.
- The nature given to us by God is now being destroyed in the name of **sustainability by** sacrificing entire forests for the extraction of "clean" energy (wind power) and allowing the devastation of whole swaths of land for the extraction of lithium and other rare earths (and thus also tolerating the dirtiest child labor).
- We let **solidarity** mutate into a fighting term and we allowed it in solidarity that old people had to die all alone!
- **Climate** protection **ambassadors** preach great renunciation, but unabashedly travel around the world by plane. In the near future, however, many Swiss city dwellers will do without, as they will soon not only be banned from cars, but also from meat. "Eat the *bugs*" is what Klaus Schwab would say.

Equipped with the shoes of peace, we are ready to walk even unknown, dangerous paths. **We do not need fighting when we encounter Satan, but a clear, unambiguous and loudly audible "No! We are not going along with this!"**

Shield of faith

Ephesians 6, verse 16 But above all, take hold of the shield of faith, with which you can quench all the fiery darts of the evil one.

Faith protects us in many ways. Think of Daniel in the lion's den. Faith was like a force field to protect Daniel from the vicious teeth!

Further, his faith in God was more important to him than the king's command. He defied the government!

Law and order are important. But where the government is riddled with professed Satanists or members of secret cults, and (more or less obviously) aims to abolish Christianity, Christians should examine very carefully what they do in the name of government decrees. Questioning decisions made by godless state leaders becomes a Christian duty.

Faith is powerful and protects us not only from physical dangers, but also from the even more challenging spiritual temptations and dangers.

The shield of faith is not only for personal protection. The Roman soldiers had the strategy of bringing their shields together. If we bring our shields together, support and build each other up, we can meet any challenge.

Helmet of salvation

Ephesians 6, verse 17 and take the helmet of salvation....

David [wrote](#): "The LORD is my light and my salvation; of whom shall I fear! The LORD is the strength of my life; of whom shall I be afraid? "

Unfortunately, the spirit of fear continues to be cultivated in many churches. For months after the "pandemic" has officially ended, churchgoers are still kept wordlessly in the unfounded fear that contact with other worshippers is dangerous. Disinfectant is ubiquitous, despite its disrepute for being carcinogenic. Gone is the confidence that God has given us a functioning body with an amazing defense mechanism. In some churches, like a symbol of idolatry, the disinfectant has even taken a place next to the communion cup!

Subliminally, the fear of the insecure church visitors - often older people - is strengthened. But God has not given us the spirit of fear, but of [power](#) and love!

Fear is not in love, but complete love [casts out fear](#); for fear has torment. But he who fears is not complete in love.

Unfortunately, a core part of many religions is also the communication of feelings such as guilt and inadequacy. Instead of celebrating high vibrational feelings like love and gratitude, low vibrational feelings like worry, shame and fear are addressed.

We call on the church leaders to take away the fear and worries of the souls entrusted to them and to demonstrate the trust in God's omnipotence also by completely renouncing (scientifically proven in the meantime) nonsensical measures such as disinfectants and masks!

Sword of the Gesite

Ephesians 6, verse 17 (part 2) ... and the sword of the Spirit, which is the word of God.

Do you remember how Jesus [used the Word of God](#) to defeat Satan? Christ used scripture quotations three times. He recalled the scriptures that dealt with the situation, that showed what he should do, and that strengthened his resolve.

Our sword of the Spirit will not remain sharp on its own. We must sharpen it regularly and intently by studying God's Word. In this way, we can have God's wisdom present, which will help us make wise decisions and ward off Satan's attacks.

We are currently observing a great awakening of faith in Christ worldwide. However, these people are no longer turning to religions, as they no longer seem to be able to satisfy the hunger for the living, contemporary Word of God.

Will these 'last' be the 'first' because they are dealing with the statements of the prophets of modern times? Can these prophets be trusted?

God, in His grace, has once again sent us people who will prepare us for Satan's attacks, name them and break down the fulfillment of Revelation.

What a pity that such preachers, who can certainly be found even in more conservative church circles, are often labeled unacceptable and dismissed from their posts.

Gebet

Betet allezeit mit allem Bitten und Flehen im Geist und wacht dazu mit aller Beharrlichkeit und Flehen für alle Heiligen.

Prayer

Ephesians 6, verse 18 **Pray always with all supplication and supplications in the Spirit, and watch for it with all perseverance and supplication for all the saints.**

Ephesians 6, verse 19 **and for me to be given the word when I open my mouth to freely proclaim the mystery of the gospel,**

Ephesians 6, verse 20 **whose messenger I am in chains, that I may speak of it with boldness, as I must.**

So, in the end, we are left with the call to unite in prayer and in action and to work together to thwart the evil one's efforts!

People who worship Satan are working to make the world godless.

Watch the signs:

- Dilution of the Christian doctrine by allowing the LGBTQ+ movement to enter the houses of worship, which openly stands up for everything that has been called sin so far - with the aim to eventually also give pedophilia a blessed framework!
- Pay attention to the colors: the rainbow as the divine sign of reconciliation is misused. The rainbow reduced by 1 color becomes the symbol of the LGBTQ community and also appears in the ubiquitous color wheel of the 2030 Agenda.
- Gov(ernment) is God = Government is God
- Promoting the migration of "refugees" (mostly men of gun age) with the aim of the complete Islamization of Europe!
- Enforcement of Digital Identities (vaccination passports as door openers) and implants to force "maladjusted" to accept the "mark of the beast" for their daily bread!
- Promoting technologies (5G), which are not only harmful to health, but serve to control and monitor people - and which are sometimes even hidden in church towers!

Thank you very much for reading this far!

We would be very happy if this letter would lead to stimulating discussions in your parish, but also within the Christian community!
